LEEDGATE

DEVELOPMENT CO. LTD.

COMPANY PROFILE

Mission Statement

Our primary purpose as an organization is to build and nurture a company with a culture of innovation, growth, profitability, and enthusiasm. We are committed to engineering and supporting strategic and tactical business responses to the challenges and opportunities posed by globalization, technology, and competition, while upholding our corporate responsibility.

LeedGate Development Company Limited traces its origins back to 2007 when it was established as Bajinta Technologies Limited, specializing in providing technology solutions and support services to businesses across various industries. Over the years, the company has grown and evolved, staying at the forefront of technological advancements and expanding its service offerings to meet the evolving needs of its clients.

In 2016, Bajinta Technologies Limited underwent a strategic rebranding and transformation, culminating in the emergence of LeedGate Development Company Limited. With this transition came a renewed focus on delivering comprehensive technology solutions and services to clients, backed by a commitment to innovation, excellence, and customer satisfaction.

As a technology-centric company, LeedGate Development Company Limited is dedicated to helping businesses harness the power of technology to drive growth, streamline operations, and achieve their strategic objectives. With a team of skilled professionals and a wealth of industry experience, LeedGate is well-positioned to address the complex and diverse technology needs of its clients across various sectors.

With a clear vision for the future and a commitment to excellence, LeedGate Development Company Limited continues to innovate and adapt to the ever-changing technological landscape, ensuring that its clients receive the highest quality solutions and services to stay ahead in today's dynamic business environment.

The LeedGate Brand encompasses a multiple subsidiaries that collectively offer a wide range of innovative solutions and services to address diverse business needs. Established with a commitment to excellence and driven by a vision for growth and success, each subsidiary within the LeedGate Group plays a unique role in delivering value to clients and stakeholders across various industries.

LeedGate & Partners Limited

LeedGate & Partners Limited is the management consulting arm of the group, offering strategic business consulting services to entrepreneurs, SMEs, corporate organizations, and public institutions. The company provides expert guidance in areas such as business incorporation, financial advisory, tax consulting, training and staff development, copyrighting, trademark registration, vendor management, and more.

LeedGate Innovation Hub Limited:

LeedGate Innovation Hub Limited serves as a vibrant hub for entrepreneurs, startups, and innovators, providing co-working space, incubation services, mentorship, and networking opportunities. The innovation hub fosters collaboration, creativity, and entrepreneurship, empowering aspiring founders to turn their ideas into successful ventures.

LeedGate School for Entrepreneurship & Technology

LeedGate School for Entrepreneurship & Technology is dedicated to providing high-quality education and training in business, technology, and entrepreneurship. With a focus on practical learning and industry relevance, the business school offers a range of courses and programs designed to equip individuals with the knowledge and skills needed to succeed in today's competitive business landscape.

LeedGate Farms Limited

LeedGate Farms Limited is engaged in agriculture and agro-allied services, leveraging modern farming practices and technology to drive productivity and sustainability. The company focuses on crop cultivation, livestock farming, agro-processing, and value-added agricultural products, contributing to food security and economic development.

What We Do

At LeedGate, we specialize in delivering innovative technology solutions to address the unique challenges faced by businesses and organizations in today's digital age. Our mission is to empower our clients with cutting-edge technology and expert guidance to navigate the complexities of the modern business landscape.

From web development and mobile app design to cybersecurity and data analytics, our comprehensive suite of technology services is designed to help businesses harness the power of technology to drive growth, streamline operations, and enhance customer experiences.

With a team of experienced professionals and a proven track record of success, we are committed to delivering tailored solutions that meet the specific needs and objectives of each client. Whether you're looking to build a robust online presence, safeguard your digital assets, or leverage data insights to make informed decisions, LeedGate has the expertise and resources to help you succeed in today's fast-paced digital world.

Our dynamic team bring each client a combination of deep industry knowledge and expert perspectives from diverse industries on the challenge at stake, to offer our clients fresh perspectives and breakthrough business insights. Our mission is to help our clients set new standards of excellence in their industries, not follow the pack with off-the-shelf solutions.

AMINU KYARI

CHIEF EXECUTIVE OFFICER

Aminu Kyari is an entrepreneur, technology and business development expert with over 17 years dynamic work experience as an employer and employee – having worked with a number of organizations and on numerous projects in different cadres of diverse industries including information and communications technology, agriculture, education and healthcare management. In addition, he possesses strong business development background providing vision and direction needed for accelerated and sustained growth through innovation and creativity.

At Leedgate, he pilots the vision and mission of the firm as the Chief Executive Officer whose mandate includes meeting the needs of employees, customers, investors, communities and the law. He is responsible for setting strategy and direction, modeling and setting the company's culture, building and leading the senior executive team and allocating capital to the company's priorities.

He is a Certified Business Development Service Provider (BDSP), holds a Postgraduate Diploma in Entrepreneurship from Kaduna State University; B.Sc in Computer Science from Usmanu Danfodiyo University Sokoto; and numerous trainings/certifications in IT, management, among others.

ABBA AHMED

CHIEF TECHNOLOGY OFFICER (CTO)

Abba Ahmed is a seasoned technology expert with a passion for driving innovation and leveraging cutting-edge solutions to solve complex business challenges. As the Chief Technology Officer (CTO) at Leedgate, Ahmed is responsible for leading the technology strategy and direction of the company, ensuring the development and implementation of robust and scalable IT solutions that drive business growth and enhance operational efficiency. With a wealth of experience in software development, cybersecurity, and IT infrastructure management, Ahmed brings a unique blend of technical expertise and strategic vision to his role.

MUSBAU ASHU

CHIEF OPERATING OFFICER (COO)

Musbau Ashu is an accomplished and versatile leader with a proven track record of driving operational excellence and achieving strategic objectives across diverse industries. With extensive experience in operations management, project execution, and team leadership, Musbau brings a wealth of knowledge and expertise to his role as the Chief Operating Officer at Leedgate. As COO, Musbau is responsible for overseeing the day-to-day operations of the company, optimizing processes, and ensuring the highest level of quality and efficiency in service delivery.

AMINU IBRAHIM BABA

UI/UX DESIGNER

Aminu Ibrahim is a talented and creative UI/UX designer with a passion for crafting intuitive and visually appealing user experiences. With a keen eye for detail and a deep understanding of user-centric design principles, Aminu brings a unique blend of creativity and technical expertise to his role at LeedGate. As our UI/UX Designer, he is responsible for designing seamless and engaging digital experiences that delight users and drive business results. Aminu is committed to staying abreast of the latest design trends and technologies, ensuring that LeedGate's products and services remain at the forefront of innovation in the digital landscape.

MUKHTAR MAIWADA

DATA ANALYST

Mukhtar Maiwada is our Data Analyst. With a strong background in data analysis and a passion for uncovering insights from complex datasets, Mukhtar plays a crucial role in helping LeedGate make data-driven decisions. Leveraging advanced analytics tools and techniques, he specializes in transforming raw data into actionable insights that drive business growth and innovation. Mukhtar's expertise in data visualization and statistical analysis enables him to identify trends, patterns, and opportunities that inform strategic decision-making across the organization.

Motto/Slogan

Think. Collaborate. Excel.

Mission

Our primary purpose as an organization is to build and nurture a company with a culture of innovation, growth, profitability, and enthusiasm. We are committed to engineering and supporting strategic and tactical business responses to the challenges and opportunities posed by globalization, technology, and competition, while upholding our corporate responsibility.

Vision

As we strive to ensure that we provide the right resources at the right time to maximize our investors and clients' business potential, our vision is to be the most trusted and respected professional services firm recognized by our clients for delivering excellence.

Core Values

- **Integrity** | Regardless of the consequences, we approach our work with utmost objectivity.
- **Pursuit of Excellence** | Through passion, creativity and innovation, we continually strive to exceed the expectations of our people and our clients.
- **Accountability** | We always take responsibility for our individual and collective actions.
- **Collaboration** | We work together to achieve collective and individual goals.
- **Value Creation** | We exist to create value. Our consultancy interventions lead to real benefits for our clients.
- **Ethics** | Our business information including client's data are sacrosanct. We never compromise on client data or information. And our work ethics flexibly balanced for life-work, and rewarding environment for our consultants, enabling them to achieve success.
- **Knowledge** | We base our work on knowledge acquired through our own experience as well as through that of other consultants, managers and practitioners. We continually invest in the development of our in-house knowledge base, our consultants and our ability to perform.
